

LANGTONS OF PINCHER CREEK, ALBERTA

Arrival in Canada

Lionel Alfred Langton is the patriarch of this family in Canada. This is his story...

Lionel Alfred Langton was born on 27 Jun 1878 in Kensington, Middlesex, England. He died on 20 Feb 1942 in Victoria, British Columbia, Canada. He attended Charterhouse until the age of 6. He married Margaret Jane Watson between 1911-1915 in Pincher Creek, Alberta, Canada, daughter of Unknown Watson and Mary Unknown. She was born on 27 Sep 1881 in Belfast, Ireland. She died on 02 May 1953 in Saanich, British Columbia, Canada.

Lionel Alfred is believed to have arrived for the first time in Nova Scotia, Canada, aboard the Sicilian, on 10 Apr 1903. According to his travel record, he was a farmer and he intended to move to Winnipeg, Manitoba. By 1911, he was still single and had moved to Pincher Creek, Alberta. He was an esteemed member of the community and helped in a managerial capacity with the livery stables. By 1916, he was married and had two sons, William Lionel and Hugh Watson, who were said to have been born in Alberta (presumably in Pincher Creek). In fact, Hugh Watson was only 1 day old when he was recorded in the 1916 Census of Canada (Pincher Creek, MacLeod, Alberta). The family welcomed a third son, Herbert Cecil, on 16 Apr 1921.

In about 1923, Lionel Alfred moved his entire family to Victoria, British Columbia.

*Thomas Langton's uncle was William Langton of Bennington, South Lincolnshire, England. He was buried on 24 Jun 1596 at St. Bartholomew's, The Exchange, London.

St. Stephen's Church, 39 Walbrook, London

Prosperity in Canada

Today, there are at least 10 individuals that still carry the Langton name (by birth); 1 lives in the Province of Alberta and 9 live in the Province of British Columbia. This Canadian branch of the Langton Family Tree has 3 sons to perpetuate the name of Langton. There may be more, but little is known about William Lionel; Lionel Alfred's first born. All we know is that he was once married and later divorced.
